

Cathy McDaniels Wilson, Ph.D.

7727 Priestly Drive
Reynoldsburg, Ohio 43068

EDUCATION

University of Cincinnati – Cincinnati, Ohio

Ph.D., Clinical Psychology April, 1998

Dissertation Title: The Relation of Sexual Abuse History to MMPI-2 Profiles and Criminal Involvement of Incarcerated Women

Ed.S., School of Psychology August, 1983

M.S., School of Psychology May, 1981

B.A., Psychology/Art Therapy June, 1978

INTERNSHIPS

Clinical Neuropsychology Internship, APA accredited

Yale New Haven Hospital, New Haven, Connecticut

Veterans Administration Medical Center, West Haven, Connecticut

PROFESSIONAL EXPERIENCE

Faculty Appointment September, 2003 – Present

Department of Psychology, Xavier University, Cincinnati, Ohio

Teaching a course of three undergraduate and/or graduate classes divided between the fall and spring semesters of each academic year. Developing a curriculum for the student trainees who will participate in the training offered at the Freedom Center, which will focus in part on African- and African-American history. In addition, training and supervising graduate students over the summer months in the areas of multiculturalism, interracial relations, and intergroup process, as they relate to the services the student trainees will provide to the NURFC. Serving as a member for the Clinical Competency Examinations of the Psy.D. Program during the fall and spring semesters, chairing and serving on thesis/dissertation committees for the graduate programs, and attending/participating in the major meetings of the faculty, including Departmental, Diversity Advisory Committee meetings and other relevant meetings, as appropriate.

Director of Dialogue

National Underground Railroad Freedom Center, Cincinnati, Ohio

The National Underground Railroad Freedom Center is a learning center museum which opened in August 2004.

Graduate training/practica/internships are also a major focus of this position. Facilitating conceptual understanding of and applied experience with group dynamics and interpersonal relationships. Providing leadership and mentorship in the academic and experiential process of teaching about human desire for freedom, interracial dialogue, and inter-group process.

Director of Behavioral Medicine July, 2001 – September, 2003
Residency Training Program
Rardin Family Practice Center, Department of Family Medicine
College of Medicine and Public Health, The Ohio State University, Columbus, OH

Teaching behavioral principles of care; i.e., patient/doctor interactions, family dynamics, adjustment to illness issues, and the treatment of the normative developmental problems of individuals and families. Particular attention is focused on the development of the family physicians' skills in medical history taking, interviewing, listening, and the delivery of culturally sensitive health care. Curriculum development and implementation are also integral components of this position. Facilitation of support and Balint groups for interns and residents is conducted throughout the residents' training. This position also involves grant writing and grant submission.

Behavioral Medicine \ Staff Psychologist July, 2000 – August, 2001
Rardin Family Practice Center, Department of Family Medicine
College of Medicine and Public Health, The Ohio State University, Columbus, OH

Providing individual and group therapy to patients requiring psychological intervention. As a member of the residency-training program, additional responsibilities included teaching and functioning as a process consultant to residents throughout their first year as they adapted to both clinical and non-clinical responsibilities as physicians. Additional responsibilities included providing psychological and neuropsychological assessment to children and adults presenting with numerous etiologies, including tumor, stroke, head trauma, and encephalopathies of various etiology, and the assessment and treatment of those presenting with sexual dysfunction.

Clinical Psychologist September, 1995 – July, 2001
Counseling and Consultation Service, The Ohio State University, Columbus, OH

Providing individual and group therapy to clients who require psychological, social, and educational counseling; coordinating training regarding assessment of personality and/or neurocognitive functioning in students with learning disabilities, mild head trauma, and Attention Deficit Disorder. Facilitating workshops and seminars in areas of multicultural counseling, with special emphasis on counseling African American clients, racial identity development, and treatment of sexual dysfunction. Providing crisis intervention, outreach programming, and consultation services to the Residence and Dining Hall staff, student organizations, academic departments, and various administrative offices. Providing ongoing supervision to psychology interns and practicum students on a weekly basis.

PROFESSIONAL PRACTICE

Private Practice

August, 1998 – Present

Columbus, Ohio

Supervisor: Christine Smithies, Ph.D.

Providing individual, couples, and group therapy. Areas of interest include therapeutic issues for African Americans, gays, lesbians, and bisexuals, and women survivors of sexual abuse, including the treatment of Post Traumatic Stress Disorder.

Out-Patient Department

June, 1993 - September, 1995

Columbus Area Community Mental Health Center, Columbus, Ohio

Performed psychological screenings, evaluations, diagnostic assessments, individual and group counseling. Facilitated weekly incest survivors' psychoeducational and support groups. Provided appropriate alcohol and other abuse/addiction treatment and interventions through individual and group therapy sessions. Provided limited community support services as per Ohio Department of Mental Health guidelines and agency needs.

NEUROPSYCHOLOGY EXPERIENCE

Pediatric Neuropsychology

December, 1992 – September, 1995

Department of Psychology, Children's Hospital, Columbus, Ohio

Administered and scored abbreviated cognitive, academic, and sensory/perceptual measures as part of the neuropsychological battery given to children participating in a longitudinal research project.

Pediatric Neuropsychology Program

February, 1992 – October, 1992

Department of Psychology, Children's Hospital, Columbus, Ohio

Studied brain dysfunction and its effects on human behavior and applied this knowledge to the routine neuropsychological evaluation, treatment, and education of children and adolescents with known or suspected neurological problems, or who demonstrated neurodevelopmental variations such as specific learning disorders or major attentional disturbances.

Psychology Assistant

September, 1990 – August, 1991

Department of Neurology, VAMC, West Haven, Connecticut

Completed twelve-month neuropsychology rotation consisting of two sections: General Neurology Service and the Epilepsy Surgery Center. The six-month rotation on the Epilepsy Unit entailed ongoing neuropsychological evaluation of pre- and post-surgical patients undergoing neurosurgery for intractable epilepsy, including participation in the intracarotid amytal procedures. Administered and scored standard cognitive and personality tests, and participated in weekly general neurology rounds, neurosurgery rounds, brain cuttings, and neuropsychology interviews. In addition, designed and

implemented two research projects. During the second six-month rotation, served as consult-liaison for patients exhibiting a diverse array of neurological and psychiatric disorders. These patients were scheduled for a brief admission or for an outpatient-based neuropsychological evaluation.

Psychology Assistant December, 1987 – August, 1990
Physical Medicine & Rehabilitation, The Jewish Hospital, Cincinnati, Ohio

Administered and scored cognitive, academic, and sensory perceptual measures as part of the neuropsychological battery given to both inpatients/outpatients and children. Provided inpatient therapy, attended multi-disciplinary case conferences and supervision of graduate students. In addition, attended an eight-week seminar focusing on the administration and scoring of various neuropsychological tests.

GENERAL CLINICAL THERAPY AND TRAINING

Psychology Assistant July, 1991 – December, 1991
Department of Psychiatry, VAMC, West Haven, Connecticut

Assessed specific features of the Post-Traumatic Stress Disorder as they pertained to participants of Desert Storm, utilizing short-term crisis intervention and/or individual, group, or marital therapy.

Psychology Assistant September, 1990 – August, 1990
Department of Health Psychology, VAMC, West Haven, Connecticut

Performed consult-liaison services primarily for male patients admitted for evaluation and treatment of erectile dysfunction. Attended weekly Health Psychology and Sexual Dysfunction seminars.

School Psychologist December, 1987 – August, 1990
Cincinnati Board of Education, Cincinnati, Ohio

Performed psychoeducational, personality, and social adaptive assessment of infants, children, and adolescents with suspected and identifiable handicaps; i.e., severe behavioral handicaps, learning disabilities, or developmental delays. Presented test findings and recommendations at multi-disciplinary conferences and provided crisis intervention and short-term psychotherapy on an as-needed basis.

Psychology Assistant August, 1988 – March, 1989
Vernon Psychological & Sex Therapy Center, Cincinnati, Ohio

Upon completing a three-course sequence in sex therapy, assessed and treated individuals and couples for psychosexual dysfunction, gender dysphoria, sexual aversion/phobias, and desire phase disorders on an outpatient basis, utilizing the triphasic concept of sexual disorders.

Psychology Assistant August, 1986 – May, 1987
Pain Control Center, University of Cincinnati, Cincinnati, Ohio

Responsible for treating chronic pain patients utilizing psychotherapy, relaxation exercise, hypnosis, assertiveness training, exercise management, and biofeedback.

Psychology Assistant August, 1985 – June, 1986
Emerson A. North Hospital, Cincinnati, Ohio

Evaluated and assessed inpatient adults and adolescents on intelligence, perceptual-motor, and visual-motor skills for a wide variety of disorders and psychological conditions and conducted group therapy sessions.

Psychology Assistant March, 1985 – September, 1985
Walk-in Clinic, University of Cincinnati, Cincinnati, Ohio

Conducted psychotherapy with individuals and couples, including preparation of ongoing clinical notes, conceptualizations, and vocational testing.

GENERAL CLINICAL THERAPY AND TRAINING

Alcoholism Counselor October, 1983 – September, 1984
Maryhaven, Incorporated, Columbus, Ohio

Performed group and individual therapy, focusing on chemical dependency, with adults and their families and provided psychological assessment upon request.

Adaptive Behavior Therapist January, 1983 – October, 1983
St. Vincent's Children's Care, Columbus, Ohio

Developed and implemented adaptive behavior programs for children with severe behavioral handicaps. Also provided crisis intervention and therapy for children exhibiting overt reactions and behaviors.

Intern School Psychologist August, 1981 – June, 1982
Dayton Board of Education – Dayton, Ohio

Conducted psychoeducational assessment, utilizing projective instrumentation to aid in the diagnosis, remediation, and placement of children and adolescents in the least restrictive environment. Also provided individual and group counseling.
