Overview
An Internship is a career-related work experience where students take on temporary roles as workers in an organization. Internships provide students with the opportunity to gain hands-on experience, the opportunity to "test' various careers and work environments, the opportunity to identify and develop career-related skills and abilities, and also provide the opportunity to connect with professionals for future networking.

Ideally, through your internship, you will be able to see the inner workings of the organization, learn about and observe relevant social issues, assist the organization with its daily operations and participate in short and long-term projects.

Academic Guidelines
Sociology 489 is the on-line course, which accompanies the internship experience. It provides students the opportunity to earn academic credit for their internship experiences. Students can earn between **1–5** credits each quarter.

Interns are required to work a minimum of thirty (30) hours for each one (1) credit hour. **For the required 5 credit hours, you will need to work a total of 150 hours (either in 1 quarter, or split between 2-3). YOU MUST BE ENROLLEED IN SOC 489 TO RECEIVE CREDIT!**

SOC 489 is repeatable to a maximum of 15 hours, 5 credits each quarter for 3 quarters. A maximum of 5 credits counts toward the SOC/CRIM major and it is graded S/U (Successful/Unsuccessful).
